Strategic Problems	Tension
1. Startup leaders prioritize control over collaboration, sacrificing growth opportunities and market leverage.	Operational Independence <-----🙄-----> Strategic Partnerships
2. Founders chase aggressive market expansion without solidifying internal identity, leading to brand dilution and execution drift.	Internal Identity <-----🌀-----> Aggressive Growth
3. Prestige-driven mindsets block pricing innovation, limiting access to new customer relationships and growth.	Proven Models <-----🤨-----> Disruptive Pricing
4. Executives misalign craftsmanship and brand perception, leading to internal confusion over what quality really means.	Craftsmanship <-----🧐-----> Brand Perception
